Kinder Camp Ages 4.5-5

Kinder Camp is designed for children entering kindergarten in September 2022. Structured Day Camp activities support the transition to kindergarten by building social and emotional skills in a fun and nurturing environment, including a focus on classroom structure, transitional activities, and group play. All Campers participate in indoor and outdoor physical fitness, interactive science, literacy activities, theme-based arts and crafts, and local outing.

Cost per two-week session:
\$575 (member) \$700 (community)

Sports Ages 7-12

Kids have been stuck indoors for too long! At the Y, they'll have the chance to be active while having fun playing different sports. Campers will explore the world of sports, the values of teamwork, good sportsmanship, and motivating each other to succeed, while strengthening their appreciation for health and fitness.

Cost per two-week session:
\$550 (member) \$675 (community)

Teen Camp Ages 12-14

Teen Camp is for young people who are currently enrolled in middle school and/or high school and is designed to immerse campers in a variety of fun activities — tailored specifically to their age and interests — that keep them active, learning, and engaged. Campers explore science, the arts, sports, all with a focus on building skills, confidence, and strong peer relationships

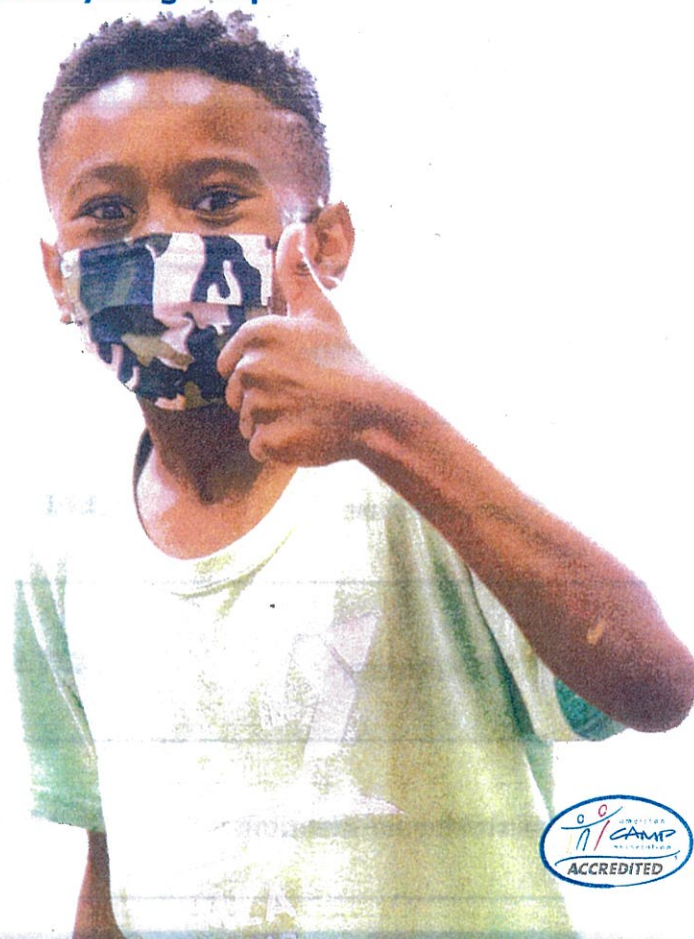

Cost per two-week session:
\$500 (member) \$625 (community)

Traditional Day Camp Ages 6-11

At the YMCA Summer Day Camp, each day is a fun new adventure. Campers participate in traditional camp activities that get them active in physical fitness, get them creative in arts and crafts, get them to experiment in exciting science activities, and get them silly in theme day activities.

Cost per two-week session:
\$500 (member) \$625 (community)
