

Dear Ascend Families:

Over the last few weeks, we have seen an uptick in COVID-19 cases in Brooklyn and within our schools. In addition, NYC has moved their COVID alert level up to “medium.”

Current COVID-19 Alert Level in NYC: Medium

Table: NYC Health • Source: [COVID-19 Transmission levels in NYC](#)

NYC has moved from a “low” to “medium” COVID alert level, and has provided the following guidance:

- Wear a face mask in public indoor settings. Upgrade to higher-quality masks, including KN95, KF94, N95, or a cloth mask on top of a surgical mask. Higher-quality masks will most benefit people who are at high risk of severe illness, are over 65 or are unvaccinated.
- Stay up to date with COVID-19 vaccines: Get vaccinated and boosted
- Get tested.
- Stay home if sick or recently exposed.

Our priority is the health and safety of our students, staff, and families. To that end, we are strongly recommending that masks be worn by students, staff and visitors while in our buildings. Our goal is to provide our Ascend community with a consistently safe and healthy environment where exceptional learning happens. Thank you for your continued partnership and trust in Ascend to serve your family. If you have questions about our health policies, please reach out.

Sincere regards,

Maryann Li
Chief Operating Officer

Chè Fanmi Ascend yo:

Pandan kèk semèn ki sot pase yo, nou te wè yon ogmantasyon nan ka COVID-19 nan Brooklyn ak nan lekòl nou yo. Anplis de sa, NYC te deplase nivo alèt COVID yo jiska "mwayen".

Current COVID-19 Alert Level in NYC: Medium

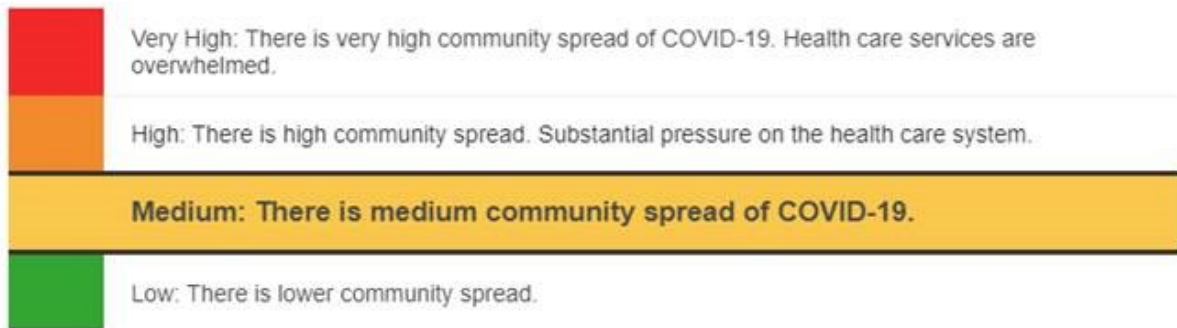

Table: NYC Health • Source: [COVID-19 Transmission levels in NYC](#)

Vil Nouyòk te deplase soti nan yon nivo alèt COVID "ba" a "mwayen", e li te bay konsèy sa yo:

- Mete yon mask figi nan anviwònman piblik andedan kay la. Upgrade ak pi bon kalite mask, tankou KN95, KF94, N95, oswa yon mask twal sou tèt yon mask chirijikal. Mask ki pi bon kalite pral pi benefisye moun ki gen gwo risk pou maladi grav, ki gen plis pase 65 oswa ki pa pran vaksen an.
- Rete ajou ak vaksen COVID-19: Pran vaksen ak ranfòse
- Fè tès la.
- Rete lakay ou si w malad oswa si w fèk ekspoze.

Priyorite nou se sante ak sekirite elèv nou yo, anplwaye yo ak fanmi nou yo. Pou sa, nou rekòmande pou elèv yo, anplwaye yo ak vizitè yo mete mask pandan y ap nan bilding nou yo. Objektif nou se bay kominote Ascend nou an yon anviwonman ki toujou an sekirite ak an sante kote aprantisaj eksepsyonèl rive. Mèsi pou patenarya ou kontinye ak konfyans ou nan Ascend pou sèvi fanmi ou. Si w gen kesyon sou règleman sante nou yo, tanpri kontakte w.

Sensè salitasyon,

Maryann Li
Chief Operating Officer

Estimadas familias de Ascend:

Durante las últimas semanas, hemos visto un aumento en los casos de COVID-19 en Brooklyn y dentro de nuestras escuelas. Además, NYC ha subido su nivel de alerta de COVID a "medio".

Current COVID-19 Alert Level in NYC: Medium

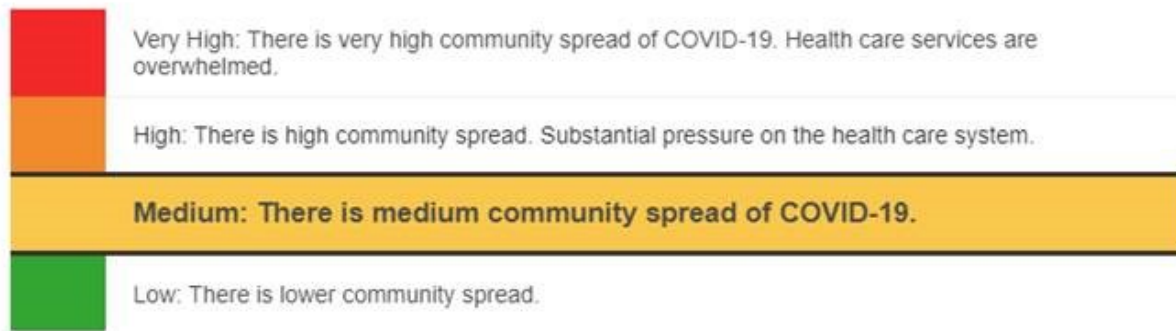

Table: NYC Health • Source: [COVID-19 Transmission levels in NYC](#)

NYC ha pasado de un nivel de alerta de COVID "bajo" a "medio" y ha proporcionado la siguiente orientación:

- Use una máscara facial en lugares públicos cerrados. Actualice a máscaras de mayor calidad, incluidas KN95, KF94, N95 o una máscara de tela encima de una máscara quirúrgica. Las máscaras de mayor calidad beneficiarán más a las personas que corren un alto riesgo de enfermarse gravemente, tienen más de 65 años o no están vacunadas.
- Manténgase al día con las vacunas contra el COVID-19: vacúnese y refuerce
- Hacerse la prueba.
- Quédese en casa si está enfermo o expuesto recientemente.

Nuestra prioridad es la salud y la seguridad de nuestros estudiantes, personal y familias. Con ese fin, recomendamos encarecidamente que los estudiantes, el personal y los visitantes usen máscaras mientras se encuentren en nuestros edificios. Nuestro objetivo es proporcionar a nuestra comunidad de Ascend un entorno seguro y saludable en el que se produzca un aprendizaje excepcional. Gracias por su continua colaboración y confianza en Ascend para servir a su familia. Si tiene preguntas sobre nuestras políticas de salud, comuníquese con nosotros.

Sinceros saludos,

Maryann Li
Chief Operating Officer
